The purpose of Southwest Oregon Large Scale Trains is to further the enjoyment of large scale model railroads and to promote good fellowship among individuals and families interested in the operation of railways both indoors and outdoors.

Vol. 2 No. 01

Irene Zajac-Editor

June 2006

• **Project Update...**Our Concession Plan has been approved so now the work may begin. Thanks to **Dan Merrill** all of the utility lines have been located and well marked so when we begin digging our trenches we will know exactly where not to touch down. We are planning to relocated a couple of utility poles put in by the Morse Telegraphers closer to the fence to provide us with more space on both our Concession Stand site and our Layout site.

June 12, 2006 has been established as the primary dig date for all the lines for both SOLST and SO-NRHS. This will include the moving of the poles and also digging the footings for the Concession Stand. **Robert Crivello** will have his equipment on site to perform the heavy-duty work and we will get to do the grunt stuff. We are planning to get a trencher to do the line digs rather than have large backhoe trenches to fill, Robert will do the pole and foundation holes for us. We need to do some leveling before he starts at the Concession site and mark it off well.

You need to be sure to bring a good pair of gloves and shoes and perhaps a good shovel because we will not have enough to go around.

**Saturday Work Party & Ballast Party Afterwards!**

- **Work Party...**This Saturday, June 10, 2006 at the Medford Railroad Park 9 AM until Noon. Why...because **Sunday is a Run Day!**
- **Ballast Party...**Held at **Mike and Carol Benke's** house at 2208 Ridge Way, Medford (Phone: 774-7604 Cell: 941-3149). Mike has been expanding his current railroad and is at a point where he needs a little help and sent out an email asking for help putting ballast in place. By the way, he lives just down the street from **John and Sherry Sipple**.

**Food and drink will be provided!**

**Call him if you have questions!**

Happy rails to you, Irene Zajac

## Potluck & Silent Auction

June 16, 2006

Central Point Senior Center

Due to the low attendance of SOLST members on run Sundays and the lack of room in the boxcar the officers have made a decision to have the Silent Auction at the next SOLST meeting rather than on a run Sunday. We will combine this activity with even more fun by having a Potluck as well.

So let's have some fun...bring a dish to share and your pocket cash and/or checkbooks, sorry only cash or checks will be accepted... no credit cards. A minimum bid of \$1 is required and all proceeds go to SOLST. You get to bid on the various items until the time limit is called and then pay up

SOLST will provide the paper products, drinks, and one main meat dish.

The business meeting will take place after diner.

SOLST needs your help!

July 9th is a run Sunday however many SOLST members are in the Bay Area attending the 22nd National Garden Railway Convention or on vacation. If you are available to run trains or help in the concession area, please contact:

Help with Garden Layout/Run trains...Jeremy Taylor 856-2949  
Help with Concession Area...Lynda Saling 770-5343

If we are unable to get enough people to staff the run area, we will not run on that Sunday. Closing the concession is a big lost to us in revenues and a big disappointment for the kids and as well to many adults, closing the Garden Layout is a very big lost in the eyes of the public.

Expect a large crowd and a hot day.

Be sure to check out the clubs web site
